Report of Independent Auditors

Plan Administrator
Kohl's Department Stores, Inc. Savings Plan

We have audited the accompanying statements of net assets available for benefits of Kohl's Department Stores, Inc. Savings Plan as of January 30, 1999 and January 31, 1998, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at

January 30, 1999 and January 31, 1998, and the changes in its net assets available for benefits for the years then ended, in conformity with generally accepted accounting principles.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedules of assets held for investment purposes as of January 30, 1999, and reportable transactions for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The Fund Information in the statements of net assets available for benefits and the statements of changes in net assets available for benefits is presented for purposes of additional analysis rather than to present the net assets available for benefits and changes in net assets available for benefits of each fund. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules and Fund Information have been subjected to the auditing procedures applied in our audits of the basic financial statements and, in our opinion, are fairly stated in material respects in relation to the basic financial statements taken as a whole.

Kohl's Department Stores, Inc.
Savings Plan

Notes to Financial Statements
January 30, 1999

1. Description of Plan

The Kohl's Department Stores, Inc. Savings Plan (the Plan) is a defined contribution plan covering all employees of Kohl's Department Stores, Inc. (the Company) with greater than 750 hours of service in any calendar year. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants should refer to the "Savings Plan Handbook" for a description of the Plan.

2. Summary of Significant Accounting Policies

Investments in Kohl's Corporation common stock, the William Blair Growth Fund, the Masterworks Asset Allocation Fund and the Templeton Foreign Fund are valued at fair value as established by quoted market prices. The Stable Value Fund and the Bank of America Short-Term Investment Fund are valued at fair value based on the redemption prices established by Bank of America Trust Company.

The Plan is intended to satisfy the requirements under Section 404(c) of ERISA and, therefore, provides that participants may choose to direct their contributions and/or all or part of their account balances among any of the Plan's five investment alternatives quarterly.

2. Summary of Significant Accounting Policies (continued)

Plan Year

The Plan's fiscal year ends on the Saturday closest to January 31.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts in the financial statements. Actual results could differ from those estimates.

3. Contributions and Benefit and Withdrawal Payments

Eligible participants may make voluntary tax-deferred contributions up to a total of 15% of their base compensation (as defined), subject to certain statutory limits. Participant contributions made with tax-deferred dollars under Section 401(k) of the Internal Revenue Code (IRC) are excluded from the participant's current wages for federal income tax purposes. No federal income tax is paid on the tax-deferred contributions and growth thereon until the participant withdraws them from the Plan. The participant's contribution rate may be adjusted at the discretion of the plan administrator if a reduced rate is necessary to maintain Section 401(k) benefits. The Company matching contribution is equal to 33 1/3% of each participant's contribution, up to a maximum of 2% of the participant's base compensation. The Plan also provides for additional Company contributions based on the discretion of the Company's Board of Directors.

All voluntary contributions made by a participant are fully vested. The Company's matching contribution is 100% vested after five years of credited service.

Upon termination, the nonvested portion of any participant account is forfeited. Forfeitures are applied to reduce Company contributions.

Retired participants' and total and permanently disabled participants' vested benefits are distributed, at the discretion of the participant, in a lump-sum payment or in periodic equal installments over a period not exceeding the lesser of ten years or the life expectancy of the participant. Terminated participants' and deceased participants' vested benefits are distributed in a lump-sum payment.

Notes to Financial Statements (continued)

3. Contributions and Benefit and Withdrawal Payments (continued)

Participants may withdraw, at any time, upon substantial financial hardship (as defined), any portion of the balance in their account which is attributable to their voluntary tax-deferred contributions and earnings. Participants are prohibited from making contributions to the Plan for twelve months following receipt of a hardship withdrawal.

4. Investments

Investments that represent 5 percent or more of the Plan's net assets are as follows:

	January 30, 1999	January 31, 1998

William Blair Growth Fund	\$46,673,952	\$31,226,772

Stable Value Fund	13,398,240	10,896,653
Kohl's Corporation Common Stock	37,170,631	17,865,381

Net assets available for benefits per the Form 5500	\$127,455,421	\$77,723,620
	=====	

6. Plan Termination

Kohl's Department Stores, Inc.
Savings Plan

Notes to Financial Statements (continued)

7. Income Tax Status

The Internal Revenue Service ruled (March 12, 1998) that the Plan qualifies under Section 401(a) of the IRC and is, therefore, not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Administrative Committee is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

8. Year 2000 (Unaudited)

The Company has developed a plan to modify its internal information technology to be ready for the Year 2000 and has begun converting critical data processing

systems. The project also includes determining whether third-party service providers have reasonable plans in place to become Year 2000 compliant. The Company currently expects the project to be substantially complete by October 1999. The Company does not expect this project to have a significant effect on Plan operations.
