REVISED PRELIMINARY COPY SUBJECT TO COMPLETION
DATED MARCH 11, 2021

MACELLUM BADGER FUND, LP

_____, 2021

Dear Fellow Shareholders:

Macellum Badger Fund, LP, a Delaware limited partnership (“Macellum Badger”), and the other participants in this solicitation (collectively, the “Investor Group” or “we”) are significant shareholders of Kohl’s Corporation, a Wisconsin corporation (“Kohl’s” or the “Company”), who beneficially own, in the aggregate, 14,950,605 shares of common stock, \$0.01 par value per share (the “Common Stock”), of the Company, including 3,481,600 shares underlying call options that are currently exercisable, constituting approximately 9.48% of the outstanding Common Stock. We are seeking your support at the 2021 Annual Meeting of Shareholders (the “2021 Annual Meeting”) to elect Macellum Badger’s five highly qualified nominees to the Company’s Board of Directors (the “Board”).

The Investor Group believes Kohl’s has tremendous potential, but has suffered under an entrenched Board that has overseen poor retail execution and a strategy that has led to stagnant sales, declining operating margins and a chronically underperforming stock price. The Investor Group believes that in order to effectively address these problems, the Board needs to be substantially refreshed with new, independent directors that possess strong retail, capital allocation, strategic and corporate governance experience. Macellum Badger has nominated a slate of five highly qualified and capable candidates with these skillsets. If elected, our nominees will bring fresh perspectives, talented leadership, and responsible oversight in implementing a much-needed turnaround at Kohl’s.

Macellum Badger believes the terms of all twelve directors currently serving on the Board expire at the 2021 Annual Meeting. This Proxy Statement is not only soliciting proxies to elect our five nominees, but also the candidates who have been nominated by the Company other than Steven A. Burd, Jonas Prising, John E. Schlifske, Frank V. Sica and Stephanie A. Streeter. This gives shareholders who wish to vote for our nominees the ability to vote for a full slate of twelve nominees in total. The names, backgrounds and qualifications of the Company’s nominees, and other information about them, can be found in the Company’s proxy statement. Your vote to elect our nominees will have the legal effect of replacing five incumbent directors with our nominees. If elected, our nominees will constitute a minority on the Board – accordingly, there can be no guarantee that our nominees will be able to implement the actions that they believe are necessary to unlock shareholder value. However, we believe the election of our nominees is an important step in the right direction for enhancing long-term value at the Company.

We urge you to carefully consider the information contained in the attached Proxy Statement and then support our efforts by signing, dating and returning the enclosed **WHITE** proxy card today. The attached Proxy Statement and the enclosed **WHITE** proxy card are first being furnished to the shareholders on or about _____, 2021.

If you have already voted for the incumbent management slate, you have every right to change your vote by signing, dating and returning a later dated **WHITE** proxy card or by voting virtually at the 2021 Annual Meeting.

If you have any questions or require any assistance with your vote, please contact Saratoga Proxy Consulting LLC, which is assisting us, at its address and toll-free number listed below.

Thank you for your support,

/s/ Jonathan Duskin

PLEASE SIGN, DATE AND MAIL THE ENCLOSED WHITE PROXY CARD TODAY

Macellum Badger Fund, LP, a Delaware limited partnership (“Macellum Badger”), and the other participants in this solicitation (collectively, the “Investor Group” or “we”) are significant shareholders of Kohl’s Corporation, a Wisconsin corporation (“Kohl’s” or the “Company”), who beneficially own, in the aggregate, 14,950,605 shares of common stock, \$0.01 par value per share (the “Common Stock”), of the Company, including 3,481,600 shares underlying call options that are currently exercisable, constituting approximately 9.48% of the outstanding Common Stock. We believe that the Board of Directors of the Company (the “Board”) must be reconstituted to ensure that the Board takes the necessary steps for the Company’s shareholders to realize the maximum value of their investment. We have nominated five highly qualified directors who have strong, relevant backgrounds and who are committed to fully exploring all opportunities to unlock shareholder value. Accordingly, we are furnishing this proxy statement and accompanying WHITE proxy card to holders of Common Stock of Kohl’s in connection with our solicitation of proxies in connection with the Company’s the 2021 annual meeting of shareholders (including any and all adjournments, postponements, continuations or reschedulings thereof, or any other meeting of shareholders held in lieu thereof) (the “2021 Annual Meeting”), which will be held online via a live interactive webcast on the internet. To participate in the virtual 2021 Annual Meeting, you will need to pre-register in advance. As of the date of this Proxy Statement, the Company has not publicly disclosed the date and time at which the 2021 Annual Meeting will take place or the deadline to pre-register to attend the meeting virtually. Once the Company publicly discloses such information, Macellum Badger intends to supplement this Proxy Statement with such information and file revised definitive materials with the SEC.

We are seeking your support at the 2021 Annual Meeting for the following:

1. To elect Macellum Badger’s five director nominees, Jonathan Duskin, Margaret L. Jenkins, Jeffrey A. Kantor, Thomas A. Kingsbury and Cynthia S. Murray (each a “Nominee” and, collectively, the “Nominees”) to hold office until the 2022 Annual Meeting of Shareholders (the “2022 Annual Meeting”) and until their respective successors have been duly elected and qualified;
 2. To vote on a non-binding, advisory resolution to approve the compensation of the Company’s named executive officers;
 3. To ratify the appointment of Ernst & Young LLP as the independent registered public accounting firm of the Company for the fiscal year ending January 29, 2022;
 4. To vote upon the shareholder proposal described below, if properly presented at the meeting; and
 5. To transact such other business, if any, as may properly come before the 2021 Annual Meeting and any adjournment thereof.

You will not be able to attend the Annual Meeting in person at a physical location. In order to attend the Annual Meeting, you must pre-register by visiting www.cesonline.com/kss21_vm. As of the date of this Proxy Statement, the Company has not publicly disclosed the date and time by which you must pre-register to attend the Annual Meeting virtually. Once the Company publicly discloses this deadline, Macellum Badger intends to supplement this Proxy Statement with such information and file revised definitive materials with the SEC.

The Board is currently composed of twelve directors. Through this Proxy Statement, we are soliciting proxies to elect not only our five Nominees, but also the candidates who have been nominated by the Company, other than Steven A. Burd, Jonas Prising, John E. Schlifske, Frank V. Sica and Stephanie A. Streeter. This gives shareholders who wish to vote for our Nominees the ability to vote for all twelve directorships up for election. The names, backgrounds and qualifications of the Company's nominees, and other information about them, can be found in the Company's proxy statement. Your vote to elect our Nominees will have the legal effect of replacing five incumbent directors with our Nominees. If elected, our Nominees will constitute a minority on the Board and there can be no guarantee that our Nominees will be able to implement the actions that they believe are necessary to unlock shareholder value. However, we believe the election of our Nominees is an important step in the right direction for enhancing long-term value at the Company.

The Company has not yet publicly disclosed the record date for determining shareholders entitled to notice of and to vote at the 2021 Annual Meeting (the "Record Date") or the number of shares of Common Stock outstanding as of the Record Date. Once the Company publicly discloses such information, we intend to supplement this Proxy Statement with such information and file revised definitive materials with the SEC. The mailing address of the principal executive offices of the Company is N56 W17000 Ridgewood Drive, Menomonee Falls, WI 53051. Shareholders of record at the close of business on the Record Date will be entitled to vote at the 2021 Annual Meeting. As of November 27, 2020, there were 157,652,395 shares of Common Stock outstanding, which is the total number of shares outstanding as reported in the Company's Annual Report on Form 10-Q filed with the SEC on December 3, 2020.

- On November 19, 2020, the Ancora Group reached out to Mr. Rupe to discuss the Company's business and third quarter earnings results.
- On November 30, 2020, the Legion Group sent a letter to Ms. Gass outlining certain concerns about the Company, including the long-term trend of declining operational performance, and requesting a meeting.

- On December 3, 2020, the Macellum Group had a call with Ms. Timm to discuss the Company’s business. A primary focus of the call was trying to 1) understand the Company’s deteriorating results; 2) how the Company’s new initiatives were different than previous initiatives; and 3) how the Company expected to drive improved results.
- On December 11, 2020, representatives from the Legion Group and 4010 Group met with Ms. Gass, Ms. Timm and Mr. Rupe via a virtual video conference to discuss the Company’s future projections, performance and shareholder concerns. Representatives from the Legion Group indicated that they wanted to speak with the Board, and highlighted certain commercial concerns, including the Company’s high cost structure and concerning profitability trend.
- On December 23, 2020, members of the Investor Group sent a letter to the Board to voice their shared concerns regarding the Company’s declining operational performance, and to request a meeting with the Board to discuss such concerns further.
- On January 6, 2021, representatives from the Investor Group met with Peter Boneparth, the Chair of the Company’s Governance and Nominating Committee, Stephanie Streeter, Chair of the Company’s Audit Committee and Mr. Rupe via on a virtual video conference to voice their concern with the Company’s declining returns on invested capital (ROIC), stagnant sales and the lowest operating margin in a decade. Representatives from the Legion Group indicated that they would revert with suggestions for how to reverse the decline in operating margin, as well as a list of potential new Board members.
- On January 11, 2021, Macellum Badger privately delivered a notice (the “Nomination Notice”) to the Company nominating Marjorie L. Bowen, James T. Corcoran, David A. Duplantis, Jonathan Duskin, Margaret L. Jenkins, Jeffrey A. Kantor, Thomas A. Kingsbury, Margenett Moore-Roberts and Cynthia S. Murray (collectively, the “Original Nominees”) for election to the Board at the 2021 Annual Meeting.
- Also on January 11, 2021, certain members of the Investor Group that were not previously party to the Group Agreement and the Original Nominees (other than Mr. Duskin) entered into a Joinder Agreement to the Group Agreement (the “Joinder Agreement”) pursuant to which they agreed, among other things, to become parties to the Group Agreement and be bound by the terms and conditions thereof.
- Also on January 11, 2021, Macellum Badger delivered a supplemental notice to the Company identifying 4010 General Partner as an additional entity to the Nomination Notice. Counsel to the Company confirmed receipt of the Nomination Notice.

- On February 5, 2021, representatives from the Investor Group met with Mr. Boneparth, Ms. Gass, Mr. Rupe and Jonas Prising, a member of the Company’s Board, on a virtual video conference to voice their concern with the Company’s recent performance and their lack of confidence in the Board. The Company representatives indicated they would further discuss the matters raised by the Investor Group internally, including the suggestion to replace certain directors on the Board.
- On February 6, 2021, Mr. Duskin had a call with Peter Boneparth to discuss a potential settlement to avoid a contested election at the 2021 Annual Meeting. Mr. Boneparth offered up to 2 seats for the Investor Group. After the Investor Group reiterated to Mr. Boneparth, similar to their call on February, 5, 2021, that 2 seats was not a large enough presence on the Board and that the Investor Group was interested in filling at least 4 to 5 of the Board’s seats with their Nominees. Mr. Boneparth indicated he would let shareholders weigh in.

- On February 14, 2021, Macellum Badger sent a letter to the Company (the “Change-in-Control Letter”) to the Board explaining its concerns that following the 2021 Annual Meeting, should the Nominees constitute a majority of the Board, their appointment could trigger certain change in control provisions under certain of the Company’s material contracts and agreements unless they have been certified by the current Board as “continuing directors” in advance of such election. Accordingly, in order to maintain a level playing field, and to allow shareholders to make their voting decisions based solely on the merits, the letter requested written confirmation from the Company that, prior to the 2021 Annual Meeting, the Board will take all necessary steps to use its discretionary authority under such agreements to certify the Original Nominees as “continuing directors” and otherwise approve of their nomination such that the change in control provisions would not be triggered by the election of the Original Nominees to serve on the Board. Macellum Badger requested to receive a response from the Company no later than February 22, 2021.
- On February 17, 2021, the Company announced a new independent director, Robbin Mitchell, would be joining the Board, increasing the size from eleven directors to twelve, with a term expiring at the 2021 Annual Meeting.
- Also, on February 17, 2021, Mr. Duskin had a call with Mr. Boneparth to discuss the Change-in-Control Letter and whether the Investor Group intended to run a control slate. Mr. Duskin indicated that the Investor Group had sent the Change-in-Control Letter in order to preserve its rights. Mr. Duskin further reiterated the Investor Group’s desire to fill at least 4 or 5 of the Board’s seats with their Nominees.
- On February 18, 2021, the Investor Group entered into a Joint Filing and Solicitation Agreement amending and restating the Group Agreement and Joinder Agreement.
- On February 19, 2021, Mr. Boneparth called Mr. Duskin to propose the Investor Group enter into a Non-disclosure Agreement to speak with the Chief Executive Officer and Chief Financial Officer of the Company regarding the Company’s results before being made public. Mr. Duskin indicated he would discuss this with the Investor Group but expressed he did not believe there is more to learn at that point that warrants restrictions from trading.
- On February 22, 2021, the Company’s counsel responded to the Change of Control Letter indicating that they are evaluating the request and associated agreements and arrangements.
- On February 22, 2021, the Investor Group issued a press release and public letter announcing they had nominated the Original Nominees and detailing their concerns with the Board’s oversight of the Company’s poor retail execution and strategy that has led to stagnant sales, declining operating margins and a chronically underperforming stock price. The Investor Group also set forth recommendations to improve the Company’s strategy, including changes in merchandising, inventory management, customer engagement and expense rationalization, as well as the potential to unlock \$7-8 billion of real estate value trapped on the Company’s balance sheet through sale leaseback transactions.
- On February 23, 2021, the Investor Group filed a preliminary proxy statement with the SEC.
- On February 25, 2021, Mr. Boneparth had a call with Mr. Duskin and indicated they would speak again after the release of the Company’s earnings report expected March 2, 2021.
- On March 2, 2021, the Company issued its Q4 2020 earnings release and an open response letter to the Investor Group’s nomination of the Original Nominees.
- On March 5, 2021, the Investor Group issued a press release responding to the Company’s Q4 2020 earnings release and March 2, 2021 letter. In the press release, the Investor Group noted its concerns with the Company’s lackluster fourth quarter earnings and guidance, which were set below 2019 guidance, when guidance had been lowered twice in that year. The Investor Group also contended that the absence of sales growth target in the Company’s strategic plan and its decision to reinstate the dividend below pre-pandemic levels contradict the progress the Board is touting.
- Also on March 5, 2021, the Investor Group filed a revised preliminary proxy statement with the SEC.
- On March 7, 2021, Mr. Boneparth had a call with Mr. Duskin and repeated the Board’s offer to add up to two new directors to the Board. Mr. Boneparth indicated he would ask Ms. Gass to follow up with Mr. Duskin to try to develop a relationship.
- On March 8, 2021, Mr. Boneparth indicated to a Macellum party that he would arrange a meeting with Ms. Gass in the near-future, and Mr. Boneparth suggested that a meeting with the Board would be considered after the meeting with Ms. Gass.
- On March 11, 2021, the Investor Group issued a press release announcing it had filed a revised proxy statement and had identified five long serving directors who the Investor Group intended to target in the election in order to focus on securing the best Board possible. The press release noted that since the Investor Group had nominated the Original Nominees in January 2021, its goal had been to have a constructive dialogue around upgrading the Board. When those discussions failed, the Investor Group determined to revise its proxy materials to announce a slate that would run in opposition to five of the Company’s directors that it viewed as least qualified to continue serving on the Board.

REASONS FOR THE SOLICITATION

We Believe the Time for Material Change Is Now

The Investor Group believes Kohl's stock price has chronically underperformed against its peers and relevant indices because the Board has failed to help develop and oversee a strategic plan to respond to a rapidly-changing retail landscape. Over the past decade, the Company has experienced stagnant sales, lost market share to other retailers and suffered declining gross margins, despite increasing SG&A spend, capital investments and executive compensation. These failures have been led by several different senior executive teams but overseen by substantially the same Board. Until the recent addition of a new director, likely in response to our engagement to date, the Board had an average director tenure of 10 years and the Chairs of the Board and its committees consist largely of its longest serving directors. The Investor Group believes that significant Board refreshment is long overdue, and an infusion of fresh directors with new perspectives must occur at the 2021 Annual Meeting.

The Board Has Overseen Long-Term Stock Price Underperformance

The Investor Group is alarmed by the prolonged underperformance of the Company's stock price relative to its proxy peers, the Russell 2000 Index and the S&P 500 Index, over multiple time periods.

Note: 1. Kohl's store sales are included in "Comparable Sales" after the store has been open for 12 full months. Digital sales and sales at remodeled and relocated Kohl's stores are included in Comparable Sales, unless square footage has changed by more than 10%.

Note 2. Represents compounding same-store sales change FY 2011 – FY 2019

Note 3. Change delta calculated as FY 2019 minus FY 2011

Note 4. ROIC means Net Operating Profit After Tax (NOPAT) divided by the Fourth Quarter Trailing Average Debt & Equity. NOPAT equals Operating Profit minus Tax Expenses and Fourth Quarter Average Debt & Equity (which is also the Fourth Quarter Average of Net Debt plus Shareholders' Equity). Assumes 25% of tax rate throughout the 2011 – 2019 period to ensure that numbers are comparable.

Note 5: Represents the cumulative capital spending from FY 2011 to FY 2019

Kohl's generated \$18.9 billion in net sales in 2019, approximately the same as the \$18.8 billion reported for 2011, eight years earlier, a mere 0.4% growth in net sales. In contrast, the "clothing and clothing accessory store" industry (the "Clothing Industry") as reported by the US Census Bureau in the Annual Retail Trade Survey, grew approximately 17% in net sales from 2011 to 2019. We have used this wider industry group to measure retail clothing industry growth because we believe it represents the broadest apparel retail sales figures in the United States available. In addition, the average Comparable Sales of the Peer Group over the same period grew over 20% compared to Kohl's decline of 0.6%.

This underperformance is particularly troubling given the large number of competitive store closures and bankruptcies that the Clothing Industry experienced during this time period. The Investor Group estimates that from 2015 to 2019, key competitors of the Company (including Kmart/Sears, Bon Ton, Macy's, JCPenney and Dillard's) lost more than \$12 billion in sales that could have accrued to Kohl's. Yet, over that same period Kohl's lost nearly \$300 million in sales. The Company's inability to gain market share despite spending approximately \$1 billion a year on marketing and hundreds of millions of dollars on e-commerce fulfillment capabilities is troubling.

The Investor Group believes the Company's weak operating performance is due in part by its dated approach to merchandising and marketing that does not resonate in today's retail landscape. Based on its due diligence and industry experience, the Investor Group believes the Company's merchandise assortment and architecture is over assorted and repetitive and the Company has suffered low inventory turns leading to large markdowns in an effort to sell excess inventory and aged product. The Investor Group also believes the Company has experienced a number of disappointing new brand launches, failed to attract customers to its private label merchandise, failed to perceive changes in consumer tastes in important categories like Women's and Accessories, with sales in Women's declining by \$460 million and Accessories by \$230 million from fiscal 2015 to fiscal 2019, failed to capture market share in the Home category, when competitors such as Target, TJX and Burlington Stores, grew their home sales 15%, 48% and 94%, respectively, from 2015 to 2019, and failed to simplify its loyalty reward programs by continuing to maintain three different reward/point programs that are difficult to understand for new customers.

We Believe the Board Has a History of Poor Capital Allocation

The Investor Group believes that Kohl's lack of SG&A discipline has also contributed to a material deterioration in operating and EBITDA margins. Kohl's SG&A has increased by more than \$450 million from 2014 to 2019, amid flat sales. This increase in SG&A equates to roughly 21% of 2019 EBITDA.

The Investor Group further believes that the Board has done a poor job overseeing ROIC. From 2011 to 2019, ROIC has declined from approximately 16.8% to 11.2%. Note, we have excluded fiscal year 2020 because it would not, in our view, provide an accurate comparison in light of the global pandemic and widespread lockdowns. We find this deterioration unacceptable, and highly indicative of the Board's lack of appropriate capital allocation skillsets.

At the same time, from 2011 to 2019, the Board has overseen the deployment of \$6.6 billion in capital expenditures, including approximately \$2.7 billion on technology, \$2.4 billion on stores, \$900 million on distribution centers and omnichannel, and \$600 million on corporate and other projects. While there is ample return potential from investments in technology, we find little evidence that Kohl's is achieving anywhere near adequate return on such investments based on its declining gross margins. We also have found significant amounts wasted on costly initiatives with no discernable benefit, such as non-core retail ventures like FILA outlets and Off-Aisle clearance centers. The Investor Group believes that the Board has not demonstrated sufficient discipline in overseeing a prudent capital spending program.

Most recently, we find the Company's decision in April 2020 to raise \$600 million of debt due in 2025 with a 9.5% interest rate very troubling. While we acknowledge that there was a high degree of uncertainty at the time of this capital raise, we believe this issuance was ill-conceived and would have been challenged by any well-functioning board of directors. First, Kohl's did not need the capital as it had significant additional sources of liquidity at the time. In fact, Kohl's has generated positive cash flow throughout 2020 and is currently sitting on \$1.9 billion in cash, *after* paying down all their bank debt. Second, the deal appears poorly negotiated, with a 9.5% interest rate and a prohibitively expensive make-whole call premium that would cost the Company \$224 million if the notes were repaid today.

We Believe the Board Has Failed to Optimize the Balance Sheet

We believe that the Board has failed to capitalize on a significant opportunity to create value. According to our estimates, Kohl's owns \$7-8 billion in non-core, non-earning real estate assets. This value is trapped on the balance sheet, creating no shareholder value. It seems to us that the Board is aware of this value maximizing opportunity, as the Company executed a small sale-leaseback transaction in 2020, but seems to lack the skillset to further optimize the balance sheet.

We Believe the Board Lacks Alignment with Shareholders

The Investor Group believes that the Board's failure to create value for Kohl's investors is largely attributable to its own lack of skin in the game (as well as management's). The current Board (excluding the newly appointed Board member, Robbin Mitchell), collectively, owns just 0.55% of the Company's outstanding Common Stock. Since 2010, the Company has paid its current and former directors over \$23 million. Despite this compensation, since 2010, all Board members, current and former, have only purchased a mere \$1.2 million in Company stock.

In addition, the leadership of this Board is stale and has an average tenure of over 16 years. The Chairman of the Board (Frank V. Sica) has served for 33 years, the Chair of the Audit Committee (Stephanie A. Streeter) has served for 14 years, the Chair of the Governance & Nominating Committee (Peter Boneparth) has served for 13 years and the Chair of the Compensation Committee (Jonas Prising) has served for 5 years. While the Company recently added, rather than replace, a director to the Board, likely as a result of our engagement, we find that level of Board change woefully inadequate.

A Path Forward with a Refreshed Board

The Investor Group has recruited a world-class team of retail industry experts with strong business acumen and successful track records who are ready to work constructively with the other members of the Board to create real change for Kohl's and help return it to improved performance. In nominating five highly qualified executives for election to the Board, the Investor Group believes the Company's enormous potential can best be realized through the introduction of fresh directors with new ideas and perspectives – specifically, improving the Company's merchandising, increasing the effectiveness of its marketing strategy, reducing SG&A costs, increasing inventory turns, driving better efficiency from capital investments, and realigning executive compensation and incentives with performance, as further described in Proposal No. 2. We believe these actions, in conjunction with a sizable sale-leaseback transaction and material share repurchase, can revitalize a stagnant Board and dramatically improve revenue growth and profitability, strengthen cash flow, increase ROIC, and generate significant shareholder value.

The Investor Group's highly qualified independent director nominees, who will bring substantial skills including sourcing, supply chain and private label; retail operations; apparel and accessories merchandising; marketing, branding and e-commerce; and investments, governance, real estate, strategy and turnarounds, are:

Jonathan Duskin (age 53)

PROPOSAL NO. 1

ELECTION OF DIRECTORS

The Board is currently composed of twelve directors, each with a term expiring at the 2021 Annual Meeting. Macellum Badger has nominated five independent, highly-qualified Nominees for election to the Board to replace five incumbent directors. If all five are elected, they will still represent a minority of the members of the Board and there can be no guarantee that the Nominees will be able to implement the actions that they believe are necessary to unlock shareholder value. However, we believe the election of our Nominees is an important step in the right direction for enhancing long-term value at the Company

This Proxy Statement is soliciting proxies to elect not only our five nominees, but also the candidates who have been nominated by the Company other than Steven A. Burd, Jonas Prising, John E. Schlifske, Frank V. Sica and Stephanie A. Streeter. This gives shareholders who wish to vote for our nominees the ability to vote for a full slate of twelve nominees in total. The names, backgrounds and qualifications of the Company's nominees, and other information about them, can be found in the Company's proxy statement.

THE NOMINEES

The following information sets forth the name, age, business address, present principal occupation, and employment and material occupations, positions, offices, or employments for the past five years of each of the Nominees. The nominations were made in a timely manner and in compliance with the applicable provisions of the Company's governing instruments. The specific experience, qualifications, attributes and skills that led us to conclude that the Nominees should serve as directors of the Company are set forth above in the section entitled "Reasons for the Solicitation" and below. This information has been furnished to us by the Nominees. All of the Nominees are citizens of the United States.

Jonathan Duskin, age 53, has served as Chief Executive Officer of Macellum Capital Management, LLC, a Delaware limited liability company (“Macellum Capital”), which operates a New York-based pooled investment fund, since July 2009, and as the sole member of Macellum GP, which is the general partner of Macellum Capital and the Nominating Shareholder, since September 2011. Mr. Duskin also served on the boards of directors of Whitehall Jewelers, Inc. and Furniture.com Inc. Mr. Duskin holds a B.A. in Finance and Economics from the University of Massachusetts at Amherst.

We believe that Mr. Duskin will bring considerable business, financial services and retail investment expertise, having provided financial and investment banking services to a variety of public and private companies, as well as a shareholder mindset, as the beneficial owner of 8,716,732 shares of Common Stock, including 2,000,000 shares underlying long call options currently exercisable.

Ms. Jenkins received her Bachelor of Arts in Journalism and Communication at University of Colorado.

As of the date hereof, none of the Nominees, except Mr. Duskin, own beneficially or of record any shares of Common Stock and have not entered into any transactions in shares of the Common Stock during the past two (2) years. As the sole member of Macellum GP, Mr. Duskin may be deemed to beneficially own the 8,716,732 shares of Common Stock beneficially owned directly by Macellum Badger Fund and Macellum Badger Fund II, including 2,000,000 shares underlying long call options currently exercisable. The shares of Common Stock purchased by Macellum Badger were purchased in the open market with working capital.

Each of the Nominees may be deemed to be a member of a “group” with the Legion Group, the Ancora Group, Macellum Group and the 4010 Group for the purposes of Section 13(d)(3) of the Exchange Act, and accordingly, the group may be deemed to beneficially own the 14,950,605 shares of Common Stock beneficially owned in the aggregate by the Participants, including 3,481,600 shares underlying call options that are currently exercisable. Each Participant disclaims beneficial ownership with respect to the shares of Common Stock reported owned in this Proxy Statement, except to the extent of its, his or her pecuniary interest therein. Each Participant may be deemed to have the power to vote and dispose of the shares of Common Stock disclosed herein that he or it directly beneficially owns or he or it may be deemed to beneficially own. For information regarding purchases and sales of securities of the Company during the past two (2) years by the Participants, see Schedule I.

The Nominating Shareholder believes that each Nominee presently is, and if elected as a director of Kohl’s would be, an “independent director” within the meaning of (i) applicable NYSE listing standards applicable to board composition, including Rule 303A.02 and (ii) Section 301 of the Sarbanes-Oxley Act of 2002. Notwithstanding the foregoing, the Nominating Shareholder acknowledges that no director of a NYSE listed company qualifies as “independent” under the NYSE listing standards unless the board of directors affirmatively determines that such director is independent under such standards. Accordingly, the Nominating Shareholder acknowledges that if any Nominee is elected, the determination of the Nominee’s independence under the NYSE listing standards ultimately rests with the judgment and discretion of the Board. No Nominee is a member of the Company’s compensation, nominating or audit committee that is not independent under any such committee’s applicable independence standards.

On January 11, 2021, Macellum Badger, Legion Partners Holdings and Ancora Alternatives entered into letter agreements (the “Indemnification Agreements”) with each of the Nominees, except Mr. Duskin, pursuant to which each of Macellum Badger, Legion Partners Holdings and Ancora Alternatives have agreed to indemnify such Nominees against claims arising from the Solicitation and any related transactions.

On January 18, 2021, the Original Nominees and the Investor Group entered into a Joint Filing and Solicitation Agreement which amended and restated the Group Agreement and Joinder Agreement, in which, among other things, (a) they agreed, to the extent required by applicable law, to the joint filing on behalf of each of them of statements on Schedule 13D with respect to the securities of the Company, (b) they agreed to solicit proxies or written consents for the election of the Nominees, or any other person(s) nominated by the Nominating Shareholder, to the Board at the 2021 Annual Meeting (the “Solicitation”), (c) they agreed to provide notice to the Investor Group’s legal counsel and a representative of the Legion Group of all trading in the securities of the Company, (d) the Macellum Group, Ancora Group, and Legion Group agreed to bear all expenses incurred in connection with the Investor Group’s activities, including approved expenses incurred by any of the Participants in connection with the Solicitation, subject to certain limitations, and (e) the Nominees (other than Mr. Duskin) agreed, not to undertake or effect any purchase, sale, acquisition or disposal of any securities of the Company, undertake any expenses in connection with the Solicitation or communicate on behalf of the Investor Group with regards to the Company without the prior written consent of the Macellum Group, Ancora Group, and Legion Group. Effective March 11, 2021, Marjorie L. Bowen, James T. Corcoran, David A. Duplantis and Margenett Moore-Roberts ceased to be members of the group under the Joint Filing and Solicitation Agreement.

Each of the Nominees, except Mr. Duskin, has granted Mr. Duskin, Christopher S. Kiper, and Jim Chadwick powers of attorney (the “POAs”) to execute certain SEC filings and other documents in connection with the Solicitation.

Other than as stated herein, and except for compensation received by Mr. Duskin as the sole member of Macellum GP, the general partner of the Nominating Shareholder, there are no arrangements or understandings between or among any members of the Investor Group or any other person or persons pursuant to which the nomination of the Nominees described herein is to be made, other than the consent by each of the Nominees to be named in this Proxy Statement and to serve as a director of the Company if elected as such at the 2021 Annual Meeting. None of the Nominees is a party adverse to the Company or any of its subsidiaries or has a material interest adverse to the Company or any of its subsidiaries in any material pending legal proceedings.

Macellum Badger reserves the right to nominate additional person(s), to the extent this is not prohibited under Kohl's organizational documents and applicable law, if Kohl's increases the size of the Board above its existing size or increases the number of directors whose terms expire at the 2021 Annual Meeting. Additional nominations made pursuant to the preceding sentence are without prejudice to our position that any attempt to increase the size of the current Board or to classify the Board constitutes an unlawful manipulation of Kohl's corporate machinery.

WE STRONGLY URGE YOU TO VOTE "FOR" THE ELECTION OF THE NOMINEES ON THE ENCLOSED WHITE PROXY CARD

PROPOSAL NO. 2

ADVISORY VOTE ON THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

As discussed in further detail in the Company's proxy statement, the Company is asking shareholders to approve, on an advisory basis, the compensation of the Company's named executive officers as described under "Compensation Discussion & Analysis" in the Company's proxy statement and the related executive compensation tables, notes and narrative. Accordingly, the Company is asking shareholders to vote for the following resolution:

"RESOLVED, that the Company's shareholders approve, on an advisory basis, the compensation paid to our named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion & Analysis, compensation tables and narrative discussion."

As discussed in the Company's proxy statement, while the vote on the executive compensation resolution is non-binding, the Compensation Committee and the Board value the opinions expressed by Kohl's shareholders and the Compensation Committee's charter specifically states that the Committee will review all "say-on-pay" voting results and consider whether to make any adjustments to the Company's executive compensation policies and practices in response to those results.

We believe that the Board has approved a poorly designed executive compensation program that insufficiently ties rewards to performance and are therefore recommending that shareholders vote **AGAINST** this proposal.

In 2010, Kohl's top 5 executives earned a healthy \$21 million in total compensation, at a time when sales were \$18.4 billion and operating income was \$2.1 billion. Fast-forward to 2019, when sales had increased slightly, to just under \$19 billion, but operating income had declined by ~42%, to \$1.2 billion. While one may think that such weak results should justify lower executive pay, compensation for the top 5 executives instead increased to \$30 million in 2019.

This trend is continuing – as discussed in the Company's proxy statement, despite the COVID-19 pandemic, store closings and the rampant furlough of employees, the total summary compensation table (SCT) pay for Ms. Gass as CEO in 2020 was the **highest of her tenure**, increasing from \$8.98 mm in 2019 to \$12.86 mm in 2020—**an incredible increase of ~43%**. In fact, the pay ratio between Ms. Gass and the median employee increased to **1,098:1 in 2020** from 923:1 in 2019. All of this in a year where Kohl's has asked its employees and shareholders to weather the brunt of the pandemic.

This seems to be made possible by an arrangement, approved by a Board that sets the bar increasingly lower by paying executives target bonuses for achieving worse sales results than in prior years. In 2017, for example, the long term incentive plan (LTIP) goals set by the Board for fiscal years 2017 through 2019 implied that executives could receive target bonuses (100% of target level) with average annual sales and average annual adjusted net income 2% and 23% below 2016 levels, respectively.

The Company's 2020 proxy statement discloses that the Compensation Committee retroactively modified the calculation of the LTIP goals set by the Board in 2018 for fiscal years 2018-2020 by moving from a three-year cumulative measurement period to a three-year **average** measurement period. By making these adjustments, Kohl's management was able to "meet" their financial goals and receive a payout of ~83.5%, when under the original LTIP goals and methodology set by the Board in 2018, management **would not have received a payout**. Even before the Compensation Committee made these changes, we believe the 2018 LTIP was problematic, as they implied that executives could receive 100% of their performance-vesting restricted stock units with average annual sales and average annual adjusted net income 0.9% and 9.3% **below** fiscal year 2017, respectively. Even with the bar exceedingly low, management failed to meet these targets.

We believe the Board must be held accountable for constructing a compensation plan which has systematically provided compensation rewards for failure to grow sales and increasingly lower targets.

FOR THESE REASONS, AMONG OTHERS, WE RECOMMEND A VOTE "AGAINST" THE APPROVAL OF THE NON-BINDING ADVISORY RESOLUTION ON THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS AND INTEND TO VOTE OUR SHARES "AGAINST" THE APPROVAL OF THE NON-BINDING ADVISORY RESOLUTION ON THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS.

PROPOSAL NO. 3

RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

As discussed in further detail in the Company's proxy statement, the Company has proposed that the shareholders ratify the Audit Committee's appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending January 29, 2022. Additional information regarding this proposal is contained in the Company's proxy statement.

WE MAKE NO RECOMMENATION WITH RESPECT TO THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM OF THE COMPANY FOR ITS FISCAL YEAR ENDING JANUARY 29, 2022 AND INTEND TO VOTE OUR SHARES "FOR" THIS PROPOSAL.

PROPOSAL NO. 4

SHAREHOLDER PROPOSAL: SHAREHOLDER RIGHT TO ACT BY WRITTEN CONSENT

As discussed in further detail in the Company's proxy statement, the following shareholder proposal was submitted by John Chevedden, 2215 Nelson Avenue No. 205, Redondo Beach, California 90278 (the "Proponent"). According to the Company's proxy statement, the Proponent claims to beneficially own not less than 100 shares of Kohl's stock. If a representative of the Proponent who is qualified under state law is present and submits the proposal for a vote at the Annual Meeting, then the proposal will be voted upon. The proposal is set forth below exactly as submitted by the Proponent:

"Proposal 4 – Shareholder Right to Act by Written Consent

Shareholders request that our board of directors take such steps as may be necessary to permit written consent by the shareholders entitled to cast the minimum number of votes that would be necessary to authorize an action at a meeting at which all shareholders entitled to vote thereon were present and voting. This includes a shareholder ability to initiate any appropriate topic for written consent.

This proposal topic won 95%-support at a Dover Corporation shareholder meeting and 88%-support at an AT&T shareholder meeting.

Taking action by written consent in place of a meeting is a means shareholders can use to raise important matters outside the normal annual meeting cycle like the election of a new director. For instance Chairman Frank Sica received the most negative votes in 2020 - 11 million. The 11 million negative votes were 10-times the negative votes received by Michelle Gass.

A shareholder right to act by written consent affords Kohl's management strong protection for any status quo management mentality during the current rapid changing business environment. Due to the low shareholder voting participation at the Kohl's annual meeting any action taken by written consent would still need more than 70% supermajority approval from the shares that normally cast ballots at the Kohl's annual meeting to equal a majority vote from the Kohl's shares outstanding.

A major advantage of special shareholder meetings has been completely blown out of the water since the publication of the 2020 Kohl's annual meeting proxy.

A cornerstone of the 2020 management argument regarding written consent was that with special shareholder meetings, "All shareholders have the opportunity to express their views and otherwise engage in dialogue regarding proposed actions." However written consent has become more important due to the near extinction of in-person shareholder meetings.

With the near universal use of tightly controlled online annual shareholder meetings, which can be only 10-minutes of stilted formalities, shareholders are severely restricted in engaging with management and making their views known because all challenging questions and comments can be screened out by management. And management is free to have their friends opine in support of management.

For instance Goodyear management hit the mute button right in the middle of a formal shareholder proposal presentation at its 2020 shareholder meeting to bar constructive shareholder criticism.

Plus AT&T management refused to allow any sponsors of shareholder proposals to read their proposals at the 2020 AT&T online annual meeting during the pandemic.

And whoever approved the text in the 2020 Kohl's proxy was apparently unaware that written consent can be structured so that all shareholders receive notice.

Now more than ever shareholders need to have the option to take action outside of a shareholder meeting since tightly controlled online shareholder meetings are a shareholder engagement wasteland.

Please vote yes:

Shareholder Right to Act by Written Consent - Proposal 4'

**WE MAKE NO RECOMMENATION WITH RESPECT TO THE SHAREHOLDER PROPOSAL AND INTEND TO "ABSTAIN"
FROM VOTING OUR SHARES WITH RESPECT TO THIS PROPOSAL.**

VOTING AND PROXY PROCEDURES

Shareholders are entitled to one vote for each share of Common Stock held of record on the Record Date with respect to each matter to be acted on at the 2021 Annual Meeting. Only shareholders of record on the Record Date will be entitled to notice of and to vote at the 2021 Annual Meeting. Shareholders who sell their shares of Common Stock before the Record Date (or acquire them without voting rights after the Record Date) may not vote such shares of Common Stock. Shareholders of record on the Record Date will retain their voting rights in connection with the 2021 Annual Meeting even if they sell such shares of Common Stock after the Record Date. Based on publicly available information, the Investor Group believes that the only outstanding class of securities of the Company entitled to vote at the 2021 Annual Meeting is the Common Stock.

Shares of Common Stock represented by properly executed **WHITE** proxy cards will be voted at the 2021 Annual Meeting as marked and, in the absence of specific instructions, will be voted **FOR** the election of the Nominees, **AGAINST** the approval of the non-binding advisory resolution on the compensation of the Company's named executive officers, **FOR** the ratification of Ernst & Young LLP as the Company's independent registered public accounting firm of the Company for the fiscal year ending January 29, 2022, **ABSTAIN** from the shareholder proposal, and in the discretion of the persons named as proxies on all other matters as may properly come before the 2021 Annual Meeting, as described herein.

According to the Company's proxy statement for the 2021 Annual Meeting, the current Board intends to nominate twelve candidates for election at the 2021 Annual Meeting. This Proxy Statement is soliciting proxies to elect our Nominees as directors in opposition to five of the incumbent directors. Shareholders who vote on the enclosed **WHITE** proxy card will also have the opportunity to vote for the candidates who have been nominated by the Company other than Steven A. Burd, Jonas Prising, John E. Schlifske, Frank V. Sica and Stephanie A. Streeter. Shareholders will therefore be able to vote for the total number of directors up for election at the 2021 Annual Meeting. Under applicable proxy rules we are required either to solicit proxies only for our Nominees, which could result in limiting the ability of shareholders to fully exercise their voting rights with respect to the Company's nominees, or to solicit for our Nominees while also allowing shareholders to vote for fewer than all of the Company's nominees, which enables a shareholder who desires to vote for our Nominees to also vote for certain of the Company's nominees. The names, backgrounds and qualifications of the Company's nominees, and other information about them, can be found in the Company's proxy statement. In the event that some of the Nominees are elected, there can be no assurance that the Company nominee(s) who get the most votes and are elected to the Board will choose to serve as on the Board with the Nominees who are elected.

VIRTUAL MEETING

Due to the continuing public health implications of the COVID-19 pandemic, the Company has disclosed that the Annual Meeting will be held exclusively online via a live interactive webcast on the internet. You will not be able to attend the Annual Meeting in person at a physical location. According to the Company's proxy statement, if you are the beneficial owner of shares (that is, your shares are held in "street name" through a bank, broker, or other nominee) as of the record date, you will need to have your voting instructions form or other communication containing your control number available and should follow the instructions thereon to complete your registration request.

QUORUM; BROKER NON-VOTES; DISCRETIONARY VOTING

A quorum is the minimum number of shares of Common Stock that must be represented at a duly called meeting in person or by proxy in order to legally conduct business at the meeting. For the Annual Meeting, the presence in person virtually or by proxy of the holders of a majority of the outstanding shares of Common Stock as of the Record Date entitled to vote at the meeting will constitute a quorum for the transaction of business.

Abstentions are counted as present and entitled to vote for purposes of determining a quorum. Shares represented by "broker non-votes" also are counted as present and entitled to vote for purposes of determining a quorum. However, if you hold your shares in street name and do not provide voting instructions to your broker, your shares will not be voted on any proposal on which your broker does not have discretionary authority to vote (a "broker non-vote"). Under applicable rules, your broker will not have discretionary authority to vote your shares at the 2021 Annual Meeting on any of the proposals.

If you are a shareholder of record, you must deliver your vote by mail or attend the 2021 Annual Meeting virtually and vote in order to be counted in the determination of a quorum.

VOTES REQUIRED FOR APPROVAL

Election of Directors — The Company has adopted a plurality vote standard for contested director elections and majority vote standard for uncontested director elections. In a contested election, the twelve nominees receiving the highest number of affirmative votes will be elected as directors of the Company. If you abstain from voting on any of the nominees, your shares will be counted for purposes of determining whether there is a quorum, but will have no effect on the election of those nominees. Proxy cards specifying that votes should be withheld with respect to one (1) or more nominees will result in those nominees receiving fewer votes but will not count as votes against the nominees. Neither an abstention nor a broker non-vote will count as a vote cast **“FOR”** or **“AGAINST”** a director nominee. Therefore, abstentions and broker non-votes will have no direct effect on the outcome of the election of directors.

Advisory Resolution to Approve Executive Compensation — According to the Company’s proxy statement, although the vote is non-binding, assuming that a quorum is present, the advisory vote on the Company’s named executive officers’ compensation will be approved if the number of votes cast **“FOR”** approval of such advisory resolution by holders entitled to vote exceeds the number of votes cast opposing the approval of the advisory resolution. Therefore, broker non-votes and abstentions will have no direct effect on the outcome of this proposal.

Ratification of Appointment of Accountants — According to the Company’s proxy statement, assuming that a quorum is present, the selection of Ernst & Young LLP as the Company’s independent registered public accounting firm for the fiscal year ending January 29, 2022 will be deemed to have been ratified if the number of votes cast **“FOR”** ratification of the appointment by holders entitled to vote exceeds the number of votes cast opposing the ratification of the appointment. Therefore, broker non-votes and abstentions will have no direct effect on the outcome of this proposal.

Shareholder Proposal — According to the Company’s proxy statement, assuming that a quorum is present, the shareholder proposal regarding the right to act by written consent will be deemed to have been ratified if the number of votes cast **“FOR”** ratification of the appointment by holders entitled to vote exceeds the number of votes cast opposing the ratification of the appointment. Therefore, broker non-votes and abstentions will have no direct effect on the outcome of this proposal.

If you sign and submit your **WHITE** proxy card without specifying how you would like your shares voted, your shares will be voted in accordance with the Investor Group’s recommendations specified herein and in accordance with the discretion of the persons named on the **WHITE** proxy card with respect to any other matters that may be voted upon at the 2021 Annual Meeting.

REVOCAION OF PROXIES

Shareholders of the Company may revoke their proxies at any time prior to exercise by attending the 2021 Annual Meeting and voting virtually (although attendance at the 2021 Annual Meeting will not in and of itself constitute revocation of a proxy) or by delivering a written notice of revocation. The delivery of a subsequently dated proxy which is properly completed will constitute a revocation of any earlier proxy. The revocation may be delivered either to the Investor Group in care of Saratoga at the address set forth on the back cover of this Proxy Statement or to the Company N56 W17000 Ridgewood Drive, Menomonee Falls, WI 53051 or any other address provided by the Company. Although a revocation is effective if delivered to the Company, we request that either the original or photostatic copies of all revocations be mailed to the Investor Group in care of Saratoga at the address set forth on the back cover of this Proxy Statement so that we will be aware of all revocations and can more accurately determine if and when proxies have been received from the holders of record on the Record Date of a majority of the outstanding shares of Common Stock. Additionally, Saratoga may use this information to contact shareholders who have revoked their proxies in order to solicit later dated proxies for the election of the Nominees.

IF YOU WISH TO VOTE FOR THE ELECTION OF THE NOMINEES TO THE BOARD, PLEASE SIGN, DATE AND RETURN PROMPTLY THE ENCLOSED WHITE PROXY CARD IN THE POSTAGE-PAID ENVELOPE PROVIDED.

SOLICITATION OF PROXIES

The solicitation of proxies pursuant to this Proxy Statement is being made by the Investor Group. Proxies may be solicited by mail, facsimile, telephone, electronic mail, in person and by advertisements. Solicitations may also be made by certain of the respective directors, officers, members and employees of the Investor Group, none of whom will, except as described elsewhere in this Proxy Statement, receive additional compensation for such solicitation. The Nominees may make solicitations of proxies but, except as described herein, will not receive compensation for acting as director nominees.

We have retained Saratoga for solicitation and advisory services in connection with solicitations relating to the 2021 Annual Meeting. Saratoga will receive up to \$150,000, applicable toward the final fee to be mutually agreed upon by the Investor Group and Saratoga and reimbursement of reasonable out-of-pocket expenses for its services to the Investor Group in connection with the Solicitation. Arrangements will also be made with custodians, nominees and fiduciaries for forwarding proxy solicitation materials to beneficial owners of common stock held as of the record date for the 2021 Annual Meeting. The Investor Group will reimburse such custodians, nominees and fiduciaries for reasonable expenses incurred in connection therewith. In addition, directors, officers, members and certain other employees of the Investor Group may solicit proxies as part of their duties in the normal course of their employment without any additional compensation. It is anticipated that Saratoga will employ approximately twenty (20) persons to solicit shareholders for the 2021 Annual Meeting.
